THE 2007 (57TH) AWARDS BANQUET AND FOUNDATION AUCTION:

It is that time of the year again. By now, you should have received your invitation to the Fifty-Seventh Annual Awards Banquet and Foundation Auction on Sunday, February 25, at the Braemar Country Club. I hope that you have already responded indicating that you will attend the premier club event of the year. At the awards banquet we will be introducing the 2007 club officers, board of directors, and founda-

tion trustees. In addition, the LARRC special award winners and the 2006 fishing trophy winners will be recognized. However, the event is more than about awards. It is also the primary fundraising event for the LARRC foundation. Proceeds from the silent and live auction fund our kids' fishing events throughout the year. I have seen the partial list of what will be available to bid on and there are many new and different items this year. If you have never attended one of our annual awards banquets, I urge you to attend this one. Bring the whole family, as there will be live entertainment of music and magic. You will not be disappointed. ■

FABULOUS SELECTION OF PRIZES OFFERED AT LARRC AUCTION

By now you've received your invitation to the Awards Banquet and Auction on Sunday, February 25th at the Braemar Country Club. Still not sure you're going? Well, if you miss it you may just miss the best ever auction in LARRC history!!! In addition to much fishing tackle we'll be offering a number of trips, gift certificates, golf reservations, jewelry and even cooking classes. Here's a partial list: A 10 day trip on the Qualifier 105; 4 days, 3 nights at Rancho Leonero which includes hotel, meals, taxes and service charges; a dinner and cocktail cruise; guided bass fishing trips at Westlake and Lake Sherwood; a guided bass trip on a local lake of your choice; a BBQ dinner for up to 25 people; Laker Tickets; guided saltwater trips...local and islands; Gift Certificates from Brent's Deli, Claim Jumper, Mazzarino's Italian and In-N-Out Burger; Half-day trips at H&M Landing San Diego; Golf at Braemar, Rustic Canyon and Ojai Valley Inn; San Diego Zoo and L.A. Zoo passes; Gelson's Cooking classes; Jewelry; Kid's Items (lot's of them!!).

Sorry, but there's not enough space to list everything. We've tried to get something for just about everybody. Don't miss out. Send in your RSVP's and get in on the fun. This special event provides a good time for the people we serve. Come and spend time with your fellow LARRClub members and win some great prize! See you there.....Frank Polak, LARRC Foundation 2006 Chair. ■

TUNA, TAILS, TOADS !!! NEW....LOS ANGELES ROD & REEL CLUB

6-day COMBO TRIP to Guadelupe Island AND Sacramento Reef

LARRC has set a new long-range trip on the schedule for 2007, a six-day, ultra-limited load skiff trip to both Guadelupe Island and the famed Sacramento Reef on the International Star, a beautiful, 80-ft, newly remodeled luxury sportfisher.

- 1-Departure: Early Thursday morning, Sept. 6 (no later than 7 a.m.) from H & M Landing
- 2-Return: Mid-afternoon Wednesday, Sept. 12
- 3-Cost: \$2,225 INCLUDING permits, fuel surcharge and Guadelupe biosphere permit. Check made payable to LARRC.
- 4-Ultra-Limited Load: 12 anglers (10 spots left as of Jan. 29)

TARGETING: Tuna and yellowtail at Guadelupe and calico bass and white seabass at Sacramento Reef

NOTE: this trip was purposely scheduled on these days to not conflict with the Jewish holidays or the September board or club meeting

* * * * *

As a longtime chartermaster, I have always wanted to do a combination trip exactly like this and now it's happening. A shot at the big tuna and yellowtail at Guadelupe Island and a shot at the calico bass and white seabass at the Sacramento Reef.

The *International Star* is a perfect boat for this kind of trip. Large and roomy with six staterooms that sleep 22, but we're taking only 12 anglers. Plenty of bait capacity. And we'll have the option of using three skiffs, including a 14-ft Boston Whaler. The 'Star's captain is Mike Pritchard, a long range veteran who formerly ran the *Excel*.

Using radio contacts and weather reports, the captain will decide where we head first. An early Thursday morning departure will put us at either Guadelupe Island or Sacramento Reef early morning on Friday. Chances are we will fish two full days at Guadelupe and three full days at the Reef. By traveling at night, we won't lose any fishing time and will be able to actually fish five days. The three skiffs on board will give us an opportunity to troll an artificial or sardine for tuna or yellows at Guadelupe (or even fish there for calicos) and, of course, the skiffs will be instrumental at Sacramento Reef fishing for the huge calicos that are there.

From my own personal experience, early September is an EXCELLENT time to fish at both locations having been to both places exactly this time of year in the past several times. Also, this trip is well timed to fish just before the dark of the moon.

What I love most about this trip is that all of us will have a legitimate shot to catch a 60-80 lb tuna, a 30-50 lb yellowtail, an 8-9 lb calico bass and a 20-40 lb white seabass.

Please let me know immediately if you are interested. A \$1,000 deposit made payable to LARRC is needed to hold your spot.

Pacific Coast Sportfishing— On Circle Hooks

The current Jan-Feb. 07 issue states: One of the main conclusions drawn from a review of scientific studies, shows that the use of circle hooks leads to higher catch rates said Dr. Russell Nelson of the Billfish Foundation (TBF). Dr. Nelson's research appeared in this month's issue of Center Console Angler magazine. "Not only will circle hooks aid in the restoration of billfish populations, but they will also increase success in catches rare for anglers" Nelson said. He also recommended that anglers take time to learn how to use circle hooks to become more successful. Management of saltwater fisheries with gamefish designations, size limits and closed seasons have slowed the decline of many species caught by anglers. In addition, high encounter rates and bigger fish have become the reward for successful catch and release, and now circle hooks are adding to anglers' success. Circle hooks yield hook up rates equal to or greater than traditional "J" hook, and death and injuries to fish are dramatically reduced. A recent study was conducted on white marlin in the western Atlantic using satellite pop-off tags to monitor post-release behavior and movement found that the survival of released fish in total was 76% but of the fish taken with circle hook, 100% survived. A number of well-known captains are quoted but you can access the whole story at www.bilfish.org ■
